Please post as a request to amend passenger restrictions to reflect 15 passengers on the certificate and also for waiver of placarding. DN 2022-30-T, Class C Charter Certificate No. 9653. I will also email the applicant and let them know that it will be processed.

Janice

To whom it may concern,

I was approved for a Class C Charter license for East coast transportation svcs llc. When I originally filed I only had 7 passengers vans. Since that time I purchased a 11 passenger van. Do I need to have it amended for the new vehicle? Also I wanted to get a letter of exemption to not have the number on the side of my vehicle since I am doing wedding and a shuttle service. Is this possible or do the numbers have to be posted on the side of your vehicle?

Thank you,

Amanda Barnes

East coast transportation svcs llc
